What to expect

1 Workshop

Full day of workshops,
delivered by our
Megawatt facilitator.

2 Training

Training on how to
integrate Megawatt
into the curriculum.

3 Resources

Supply of Megawatt
games and resources
for your school.

What other teachers think

'Megawatt has created a real buzz in our school. The pupils loved playing the game, finding strategies to win and learning more about how energy sources are used around the world. A fabulous way to learn, discover and understand this concept.'

Maren Kelly, Head of Science and Maths
